REVIEWER

PROBLEM NO.13

Team China

Taking the stage:Shi Ruikang

reviewer' s questions

✧ Pros:

✧ What is the principal contradiction?

✧ What is most important influential parameters ?

✧ Other minor issues. . .

✧ Cons:

✧ What is the principal contradiction? Does the pro seize it?

✧ What the most important influential parameters ? Does the pro have seized these parameters it?

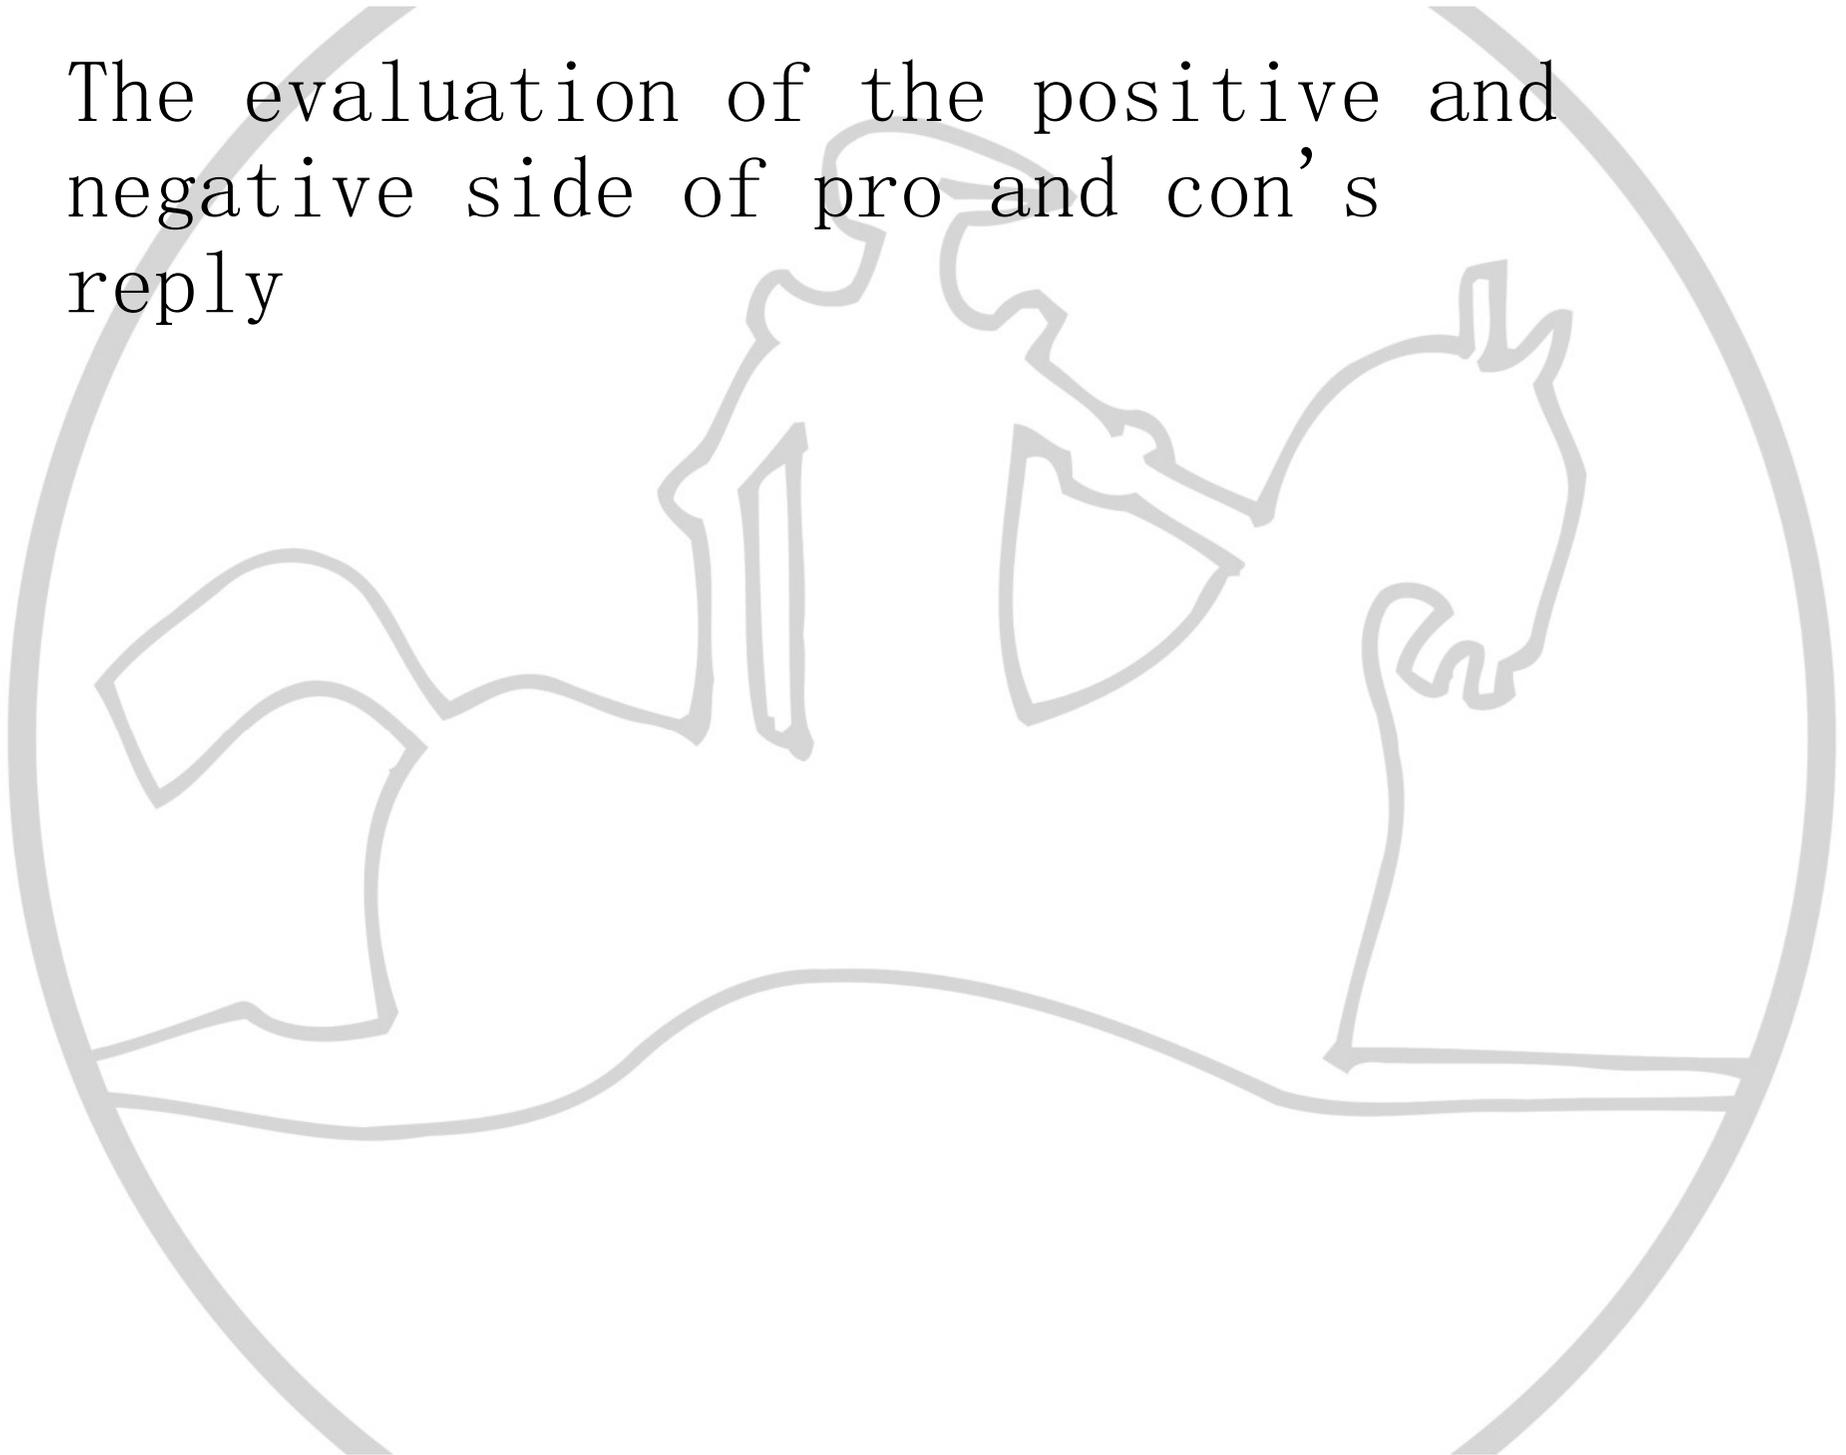

✧ Where is the biggest flaw in the report?

✧ Other minor issues. . .

Problem

The evaluation of the positive and negative side of pro and con's reply

Reporter's expression

pros

- ✦ Clear Structure
- ✦ Logical expression
- ✦ Clear experiment phenomena in forms of pictures and videos

cons

- ✦ Unclear Structure
- ✦ Expression not logical enough
- ✦ Lack of pictures, videos, not vivid
- ✦ Failed to give complete answer to question

Reporter's theory

advantages

- ✿ Well structured(a good plan)
- ✿ Discuss some important things like Blind Zone!
- ✿ Talked about the density of light and type of particles,which is good.

disadvantages

- ✿ Fail to explain the work principle of camera.
- ✿ Fail to discuss the difference between sun light and flash theoretically
- ✿ Fail to discuss diffraction
- ✿ The unit thing is not clearly talked.
- ✿ Lens

Reporter's experiments

pros

- ✦ Control the condition (dark, flash) and variables (distance) well

cons

- ✦ Fail to provide enough pictures or videos about the experiment setting.
- ✦ Fail to control the flow of the particle

opponent's expression

advantages

- ✦ Clear logic of raising questions
- ✦ Very organized expression
- ✦ Courteous demeanor

disadvantages

- ✦ Unclear logic of raising questions
- ✦ Expression not well organized
- ✦ Lack of courtesy

Opponent's Overall Performance

pros

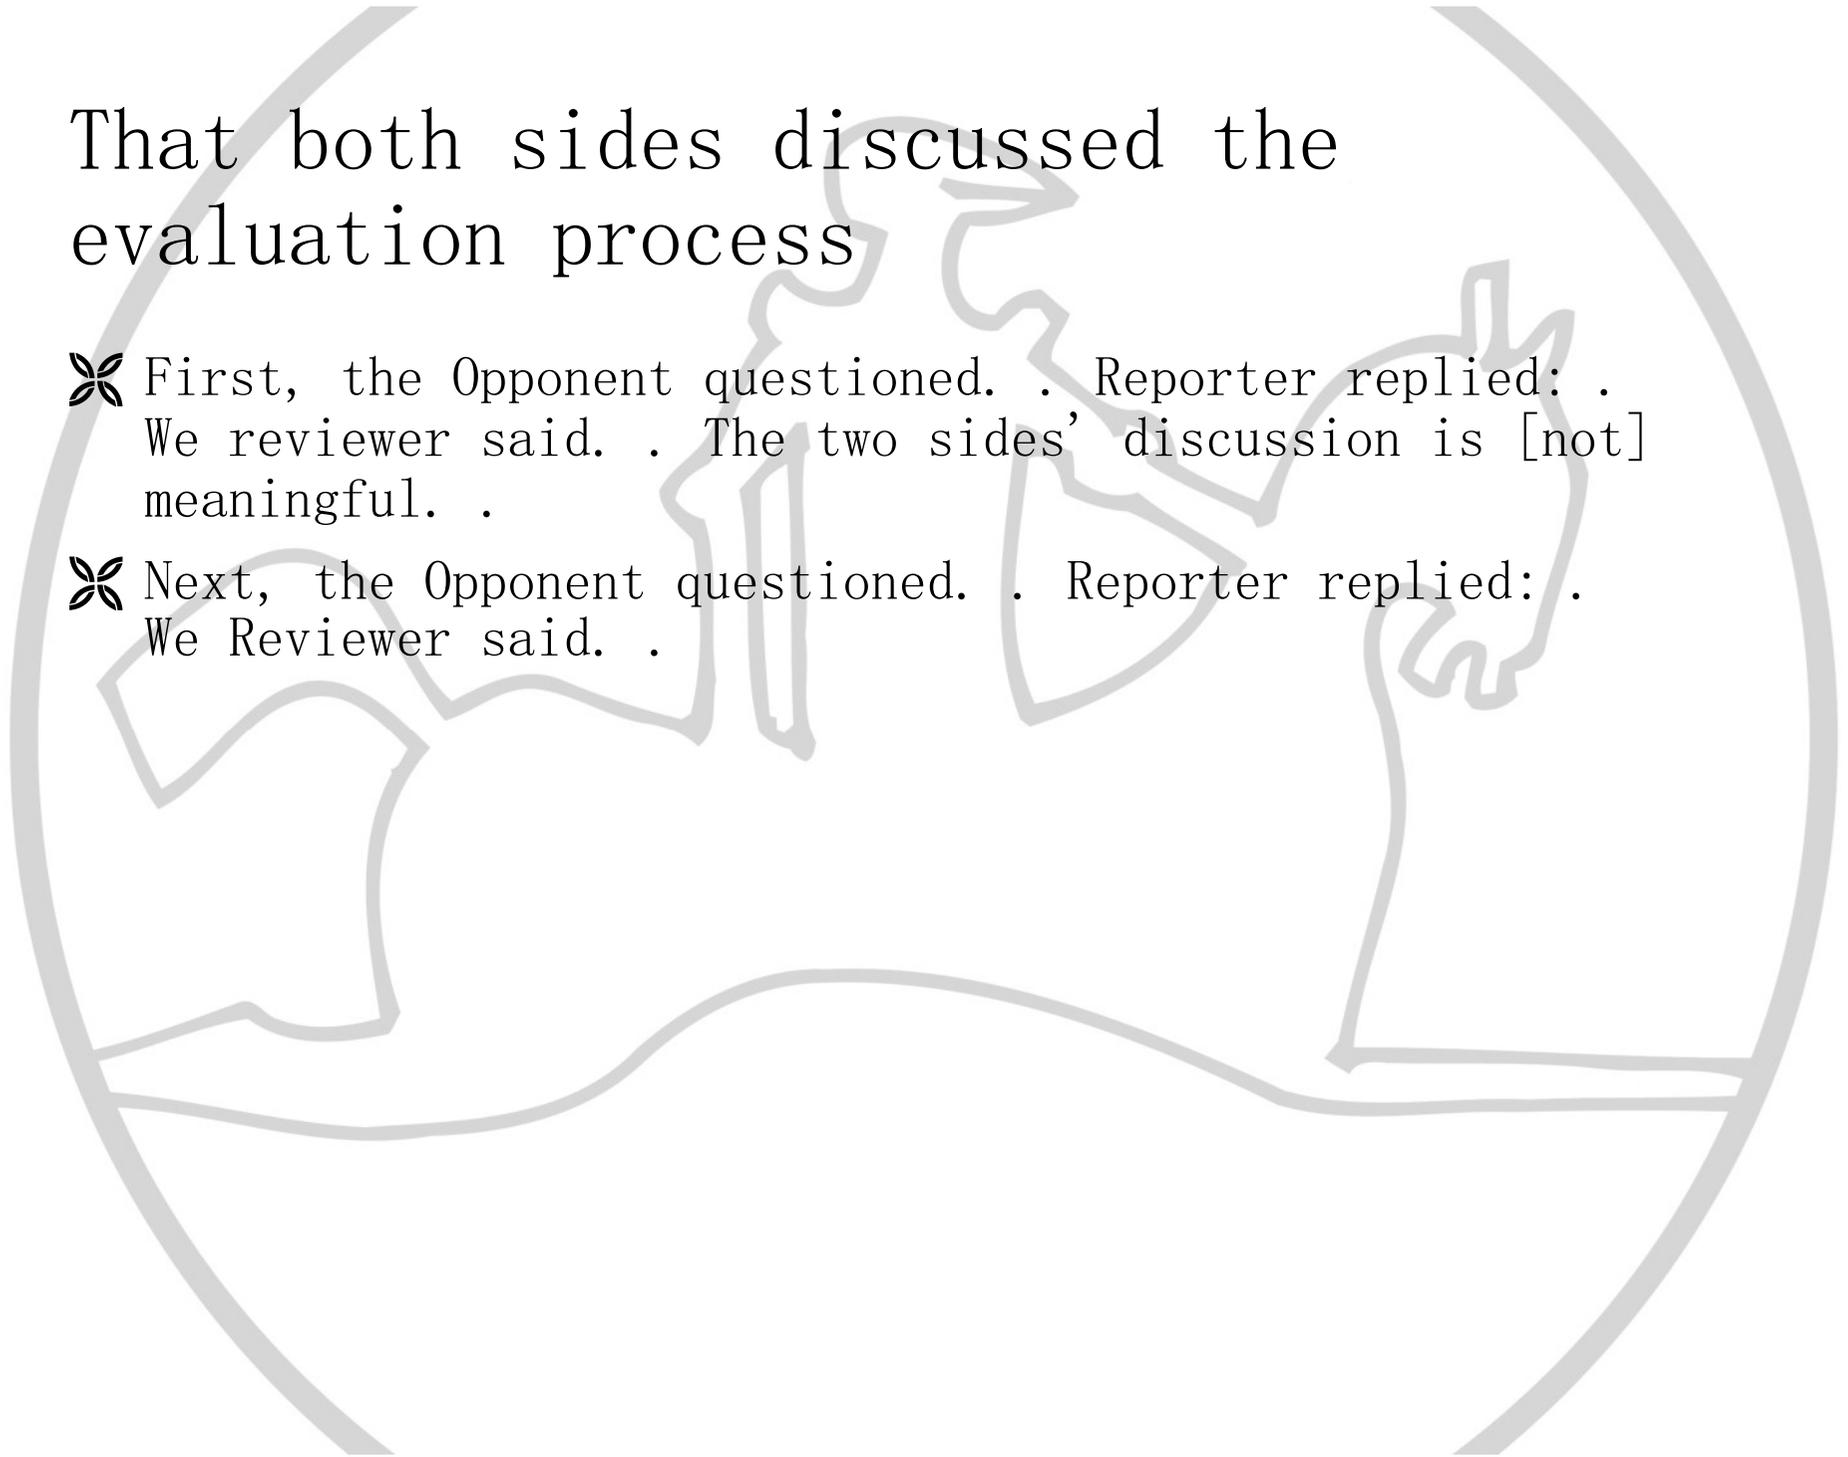

- ✦ Notice some important points like the lens system.
- ✦ Notice the lack of considered parameter.

cons

- ✦ Spend too much time on one issue(Lens system) and ignore other problems.

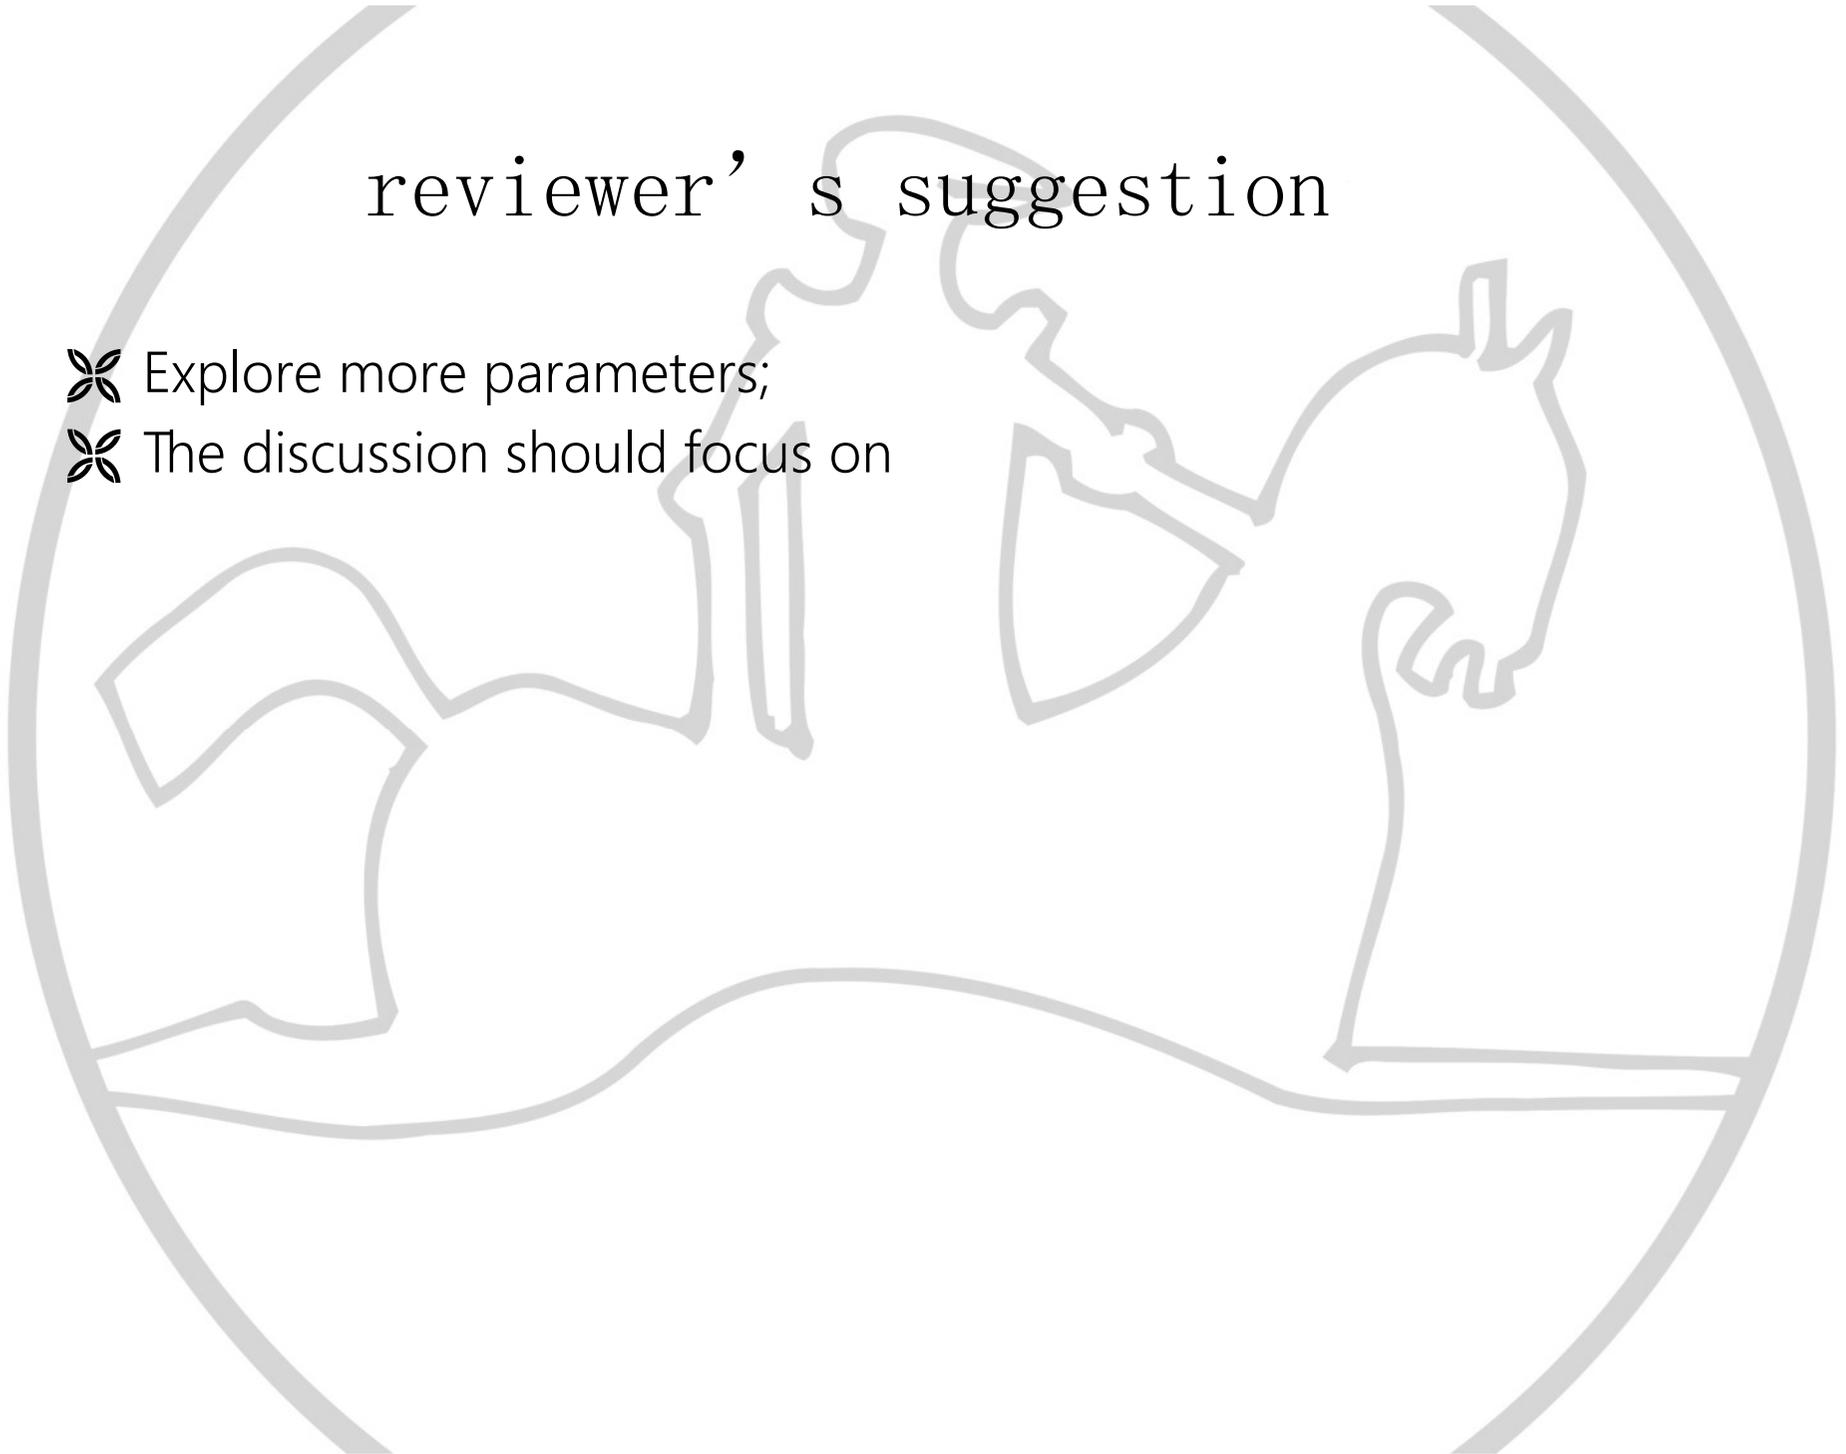

That both sides discussed the evaluation process

- ✿ First, the Opponent questioned. . Reporter replied: . We reviewer said. . The two sides' discussion is [not] meaningful. .
- ✿ Next, the Opponent questioned. . Reporter replied: . We Reviewer said. .

reviewer's suggestion

- ✿ Explore more parameters;
- ✿ The discussion should focus on
