

Problem #2

invent yourself

Opponent: Toma Rtveliashvili
Team: Georgians

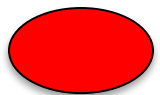

IYNT 2015

Good

Normal

Needs improvement

Strong points

- Really good and necessary task condition.
- Good explanation of theoretical model
- Experiment was well done

Suggestions for improvement

- Better would be if she read little topics herself in presentation
- The survey wasn't informative

Topics for discussion

- Which microorganism died with herbal decoctions
- The main consistence of herbal decoctions
- Did you compare these decoctions to another antibacterial substances

Thanks for your
attention!
