9. Salt Production

Reporter: Indonesia

Opponent: China

Review: Switzerland
Problem

Solar evaporation of seawater or salt mining are common methods to produce common salt (NaCl). Propose a method to extract salt from a natural source and determine both productive capacity of your method and purity of the product. Demonstrate an amount of salt produced by your method.

Task partially fulfilled
Outline of Report

- Phenomenon
- Theory
- Method
- Setup

- Demonstration of salt produced
- Purity of Salt
- Productive Capacity
- Experiments

Conclusion

- Good
- Ok
- Needs Improvement
