

The 8th International Young Naturalists' Tournament

Review of the problem №5

Daria Metel

Team «Element»

Russia, Novosibirsk

chnmk@mail.ru

Review of the report

Strength sides

Video in microscope

Said about Errors

Technical level of the presentation

Weak sides

Quality of theoretical research
Don't said about what is a growth of bacteria

Don't have aim, Hypothesis, predictions

Quality of the experimental part:
Didn't said about how environment condition influence to the result

Only 1 type of bacteria on 1 surface

Review of the opponent

Strength sides

Weak sides

**Active participation
in the polemic**

**Quality and depth of
questions:**

- how do disinfectants affect bacteria
- about Styling materials

**Technical level of
the presentation**

**Quality of comments on the
advantages and
disadvantages(didn't said
about factors, didn't
compare results) of the
report**

**Depth of analysis of
the speaker's decision**

Conclusion

**Problem solved
partially**

**The polemic took
place**
