

6. Piezo Ignition

Reporter

Konstantinos Gkanatsios

Reporter

Pros:

Sufficient and relevant theory

Good and understandable graphs

The reporter's presentation was well structured

Cons:

The reporter should have added more variables

He didn't explain the experiment enough

Opponent

Pros:

He asked relative questions

He spotted most of the reporter's weaknesses

Cons:

He didn't listen to the reporter's answers

His presentation was rushed and not completed

Conclusion

The reporter did a very good job with some minor flaws.

The opponent detected and mentioned these flaws.

Suggestions

The reporter should add more variables to his experiments.

The opponent should use his time more efficiently

Thank you
