Review of the report

Strength sides

Weak sides

**Analysis of
available data**

**Quality of
theoretical
research**
- tunge map
-only 4 taste
+ temperature

**Don't have aim,
Hypothesis,
predictions**

**Technical level of
the presentation**

**Don't have
experimental part**

comparison of the
condition of the
problem and the
theoretical part.

Photo and graphes

Review of the opponent

Strength sides

Weak sides

Quality of comments on the advantages(temperature, age) and disadvantages(no date) of the report

Suggestions

Depth of analysis of the speaker's decision
-spoke according to the general condition of the problem, and not according to the condition of the command

Said about hungry, but report didn't said

Conclusion

Problem didn't solved

The polemic one-sided, from the opponent's side
