

25.Piles of Powder

Reporter
Athanasios Tzikas

Reporter

Pros:

The experiment was well conducted

He explained the formulas very nicely

Cons:

The theory was irrelevant to the experiment

He should have used more types of powder

Opponent

Pros:

He asked relative questions

He led nicely the discussion

Cons:

He didn't detect the
opponent's flaws

Conclusion

The reporter did a good job but had some important flaws.

The opponent didn't detect the reporter's weaknesses.

Suggestions

The reporter should connect better his theory with his experiment.

The opponent should try to detect the important weaknesses of the reporter

Thank you
