PROBLEM

11. Fame

Some people in the modern World are considered ‘famous’ since they frequently appear in the news, TV, and social media. Suggest a quantitative parameter of such ‘fame’, and build lists of persons that are sorted according to this parameter.
Pros and cons (REPORTER)

Pros:
- She had good and clear charts

Cons:
- She did not have the certain standards
- Did not solve the problem completely (she did not inform to the tv and news)
- She did not explain her formula clearly
- It was better for her to have a research in other countries
Pros and cons (OPPONENT)

- Pros:
  - She made a good discussion with her
- cons:
  - She did not inform some miss points of reporter
Can we get the job a parameter? How about years of work?
Did you have error in? What was it? (How about the fake followers that some people have?)
Can we give a coefficient to the Instagram followers?
